

Matthew Carkeek

31 Coonoer Street, Kangaroo Flat, Victoria 3555 • (m) 0418 175 289 • matt.carkeek@ausform.com.au

Introduction:

Matthew has had over 25 years' experience working within the Civil, Mining and Building Construction Industry, 21 of which have been with Ausform. Matthew is an esteemed member of our team and has a high work ethic, reflected in the consistent quality and performance of the work that he undertakes.

Roles Whilst Employed at Ausform Pty Ltd

- Senior Construction Supervisor (2008-Current) & Estimating Manager (2013 – Current)
- Construction Supervisor (2000-2008)

Significant Achievements

- Within his capacity of Estimating Manager, Matthew has successfully tendered the following Projects:
 - Water Tank Compound (at the New Bendigo Hospital Project) – Lend Lease Project Management and Construction Pty Limited
 - Chepstowe Wind Farm - Consolidated Power Projects Australia Pty Ltd
 - Nagambie Clear Water Storage Tank - Simpson Construction Company Pty Ltd
 - Numurkah WTP Upgrade - Laurie Curran Water Pty Ltd
 - Taralga Wind Farm - Downer EDI/ Vestas Australian Wind Technology P/L
- ***Mt Mercer Wind Farm – Downer EDI/RE Power and Meridian Energy***
Matthew was responsible for managing Ausform's onsite operations, on the Mount Mercer Wind Farm Project. Ausform's scope consists of a small bridge structure, 64 No. wind turbine foundations and a Greenfields Sub Station – Ausform's Sub Contract value for this Project is approx. \$9.5M.
- ***Victorian Desalination Plant – Victorian Government/Thiess Degremont Joint Venture***
Matthew's experience and dedication on this Project, was an integral part of Ausform's successful delivery of an approx. \$18M Sub Contract.
- ***Ranger Mine Brine Concentrator Project – Downer EDI/Hatch/Rio Tinto***
Located at Jabiru, NT, and constructed on a FIFO basis, Matthew headed up the construction team to deliver approx. \$3.7M worth of work. The Project involved the construction of a new Brine Concentrator Plant, at the existing Ranger Uranium Mine (operated by ERA/Rio Tinto).
- ***Robinvale Pump Station and Koorlong Waste Water Treatment Plant - Lower Murray Water/Fulton Hogan***
Matthew was part of the Construction Supervision and Management team on Ausform's \$7M Sub Contract on the Robinvale Pump Station and Koorlong Waste Water Treatment Plant Projects. Key works included an in ground RC Sub Station at Robinvale and a 120m long x 60m wide x 6m high SBR Tank at Koorlong.
- ***Bendigo Multi Story Car Park – Bendigo City Council/H Troon***
Matthew jointly headed up the Construction Team on the \$5M+ Bendigo Multi Story Car Park Project. The Project included four levels of suspended floor, with a total suspended floor area of over 10,000m² – Matthew played a key role in ensuring that the Project was delivered ahead of time.

Other Major Projects

- Fosterville Gold Mine - Northgate Minerals
- Sheahan Bridge Duplication, Gundagai - RTA/Fulton Hogan
- Bendigo Recycled Water Plant Upgrade - Coliban Water/CCB Envico
- New Calder Freeway Bridgework - Vic Roads/John Holland/Winslow Projects/Thiess
- Bendigo Water Treatment Plant (Aqua 2000) - Walter Construction Group/Coliban Water
- Bendigo Gold Mine - Bendigo Mining Ltd/Ausenco Ltd
- Latrobe University Health Sciences Building, Bendigo – Latrobe University/Kane Construction

OH&S Record

Matthew is a very experienced member of the Ausform Team, and focuses hard to ensure that safety is paramount on his Projects and throughout the organisation. His proven safety track record is a reflection of how well his Projects are run and how important safety is in relation to the overall performance of his work.

Industrial Relations Record

Matthew maintains an excellent working relationship with his team, and works diligently to ensure a harmonious and positive working environment. Matthew's Projects have never been interrupted by internal industrial relations, and this fact is a credit to the way he manages the team working around him.

Quality of Works Performed

The quality of work that Matthew delivers on an ongoing basis is second to none – the written references attached with this resume illustrate his attention to detail, and dedication to his Projects. Matthew's know how, and technical experience is well recognised and respected in the industry.

Ability to Meet Key Dates and Pre-Determined Timeframes

Time and time again, Matthew has been able to successfully deliver Projects to pre-determined and agreed timeframes. Matthew's commitment to the Projects that he runs, the quality of his work crews, and his ability to get the best from his team, has enabled him to develop an excellent reputation for Ausform and himself alike.
