

## Brian Fitzgerald

31 Coonooer Street, Kangaroo Flat, Victoria 3555 • 0417 379 389 • [brian.fitzgerald@ausform.com.au](mailto:brian.fitzgerald@ausform.com.au)

### **Introduction:**

Brian has had over 25 years' experience working within the Civil, Mining and Building Construction Industry, 15 of which have been with Ausform. Brian is a valued member of our team who has a great work ethic, which is reflected in the consistent accomplishment and excellence of the work that he undertakes.

### **Roles Whilst Employed at Ausform Pty Ltd**

- Senior Construction Supervisor (2008-Current)
- Construction Supervisor (2000-2008)

### **Significant Achievements**

- ***New Bendigo Hospital Project - Exemplar Health/Lend Lease***  
Brian currently is leading a crew of 20 men across varying worksites on the new Bendigo Hospital Project. His management of personnel and professionalism to work alongside other trades and companies is making this Project a success for Ausform.
- ***Bendigo Water Treatment Plant Upgrade - Aquatec Maxcon Pty Ltd.***  
Brian managed the construction of the Oxidation Tank, Reclaimed Water Tank & Bypass Pit on this Project, which was valued at approx. \$730,000.
- ***Mt Mercer Wind Farm – Downer EDI/RE Power and Meridian Energy***  
Brian was part of the Construction Management Team on the Mount Mercer Wind Farm Project. Ausform's scope of works is the construction of 64 No. Wind Turbine Foundations and Sub Station infrastructure valued at approx. \$9.5M
- ***Koondrook Perricoota Flood Enhancement Works - Fulton Hogan and the State Water (NSW)***  
Brian led his team on this 'live away from home' Project, successfully delivering 3 No. regulator structures, with a total Contract Value exceeding \$3.5M.
- ***George Weston Foods Refurbishment, Castlemaine - GWF/Wiley & Co.***  
Brian and his team were engaged on this Project for more than 12 months of structural concrete works on the George Weston Foods Upgrade Project in Castlemaine, with final Contract value in excess of \$1.9M.
- ***Robinvale Pump Station and Koorlong Waste Water Treatment Plant - Lower Murray Water/Fulton Hogan***  
Brian formed part of the Construction Supervision and Management team on Ausform's \$7M Sub Contract on the Robinvale Pump Station and Koorlong Waste Water Treatment Plant Projects. Key works included an in ground RC Sub Station at Robinvale and a 120m long x 60m wide x 6m high SBR Tank at Koorlong.
- ***Fosterville Gold Mine – Northgate Minerals***  
Brian jointly supervised the Construction Team on the \$3M+ Fosterville Gold Mine Project. Structural concrete works included areas such as the SAG Mill, Crusher, Gold Room and Heated Leachings

### **Other Major Projects**

- Goldfields Super Pipe Project - Central Highlands Water/CCB Envico
- Cobram Transfer Station, Construction of Retaining Wall - Moira Shire Council
- Colligen Creek Weir and Fishway - State Water (NSW)/Gleeson Excavations
- Woodend Recycled Water Plant Project - Western Water/Simpson Construction Company
- Bendigo Water Treatment Plant (Aqua 2000) - Walter Construction Group./Coliban Water
- Bendigo Gold Mine - Bendigo Mining Ltd/Ausenco Ltd
- Emergency Storage Tank – Diggers Rest - Steve Standen Drainage Pty Ltd
- Goulburn Valley Highway Bridge Project - Midwest Civil Pty Ltd
- Nurmurkah WTP Project - Goulburn Valley Water/Simpson Construction Company

### **OH&S Record**

Brian has an exceptional record with respect to safety, with no lost time attributed to neither himself nor his co-workers across Projects in his control. This record is an attribute to Brian's experience and a reflection of how well his Projects are run and how important safety is in relation to the overall performance of his work.

### **Industrial Relations Record**

The positive working environment created by Brian across each Project undertaken, has meant that Projects led by him have never been impacted by internal industrial relations. Brian strives and works thoroughly to maintain a high morale amongst his team and their environment.

### **Quality of Works Performed**

The quality of work that is consistently delivered by Brian is of an exceptional standard, reiterated within the written references attached to this resume. Brian's attention to detail, technical experience and dedication to his Projects, provide warranted confidence to Clients that he, and his team, can deliver the works required.

### **Ability to Meet Key Dates and Pre-Determined Timeframes**

Brian has been able to develop an excellent reputation for both himself and Ausform, because of his ability to successfully deliver Projects to pre-determined and agreed timeframes. Brian's ability to draw on the best qualities of individuals amongst his work team and manage them correctly, are beneficial in achieving programme dates set by Clients.
