

Clint Johnson

31 Coonoor Street, Kangaroo Flat, Victoria 3555 • 0438 583 770 • clint.johnson@ausform.com.au

Introduction:

Clint has had over 25 years' experience working within the Civil, Mining and Building Construction Industry, 21 of which have been with Ausform. Clint is a respected member of our team, whose work ethic is of a high standard and subsequently reflected in the consistent quality and performance of the work that he undertakes.

Roles Whilst Employed at Ausform Pty Ltd

- Senior Construction Supervisor (2008-Current)
- Construction Supervisor (2000-2008)

Significant Achievements

- ***Chepstowe Wind Farm - Consolidated Power Projects***
Clint led the team in the construction of 3 No. Wind Turbine Foundations at the Chepstowe Wind Farm near Ballarat valued at approx. \$750,000
- ***Taralga Wind Farm - Downer EDI/ Vestas Australian Wind Technology P/L***
Clint is currently part of the Construction Management Team on the Taralga Wind Farm Project, located near Goulburn, NSW. Ausform is contracted to deliver 51 No. Wind Turbine Foundations and the Sub Station valued at approx. \$6.5M
- ***Mt Mercer Wind Farm – Downer EDI/RE Power and Meridian Energy***
Clint headed the Construction Management Team on the Mount Mercer Wind Farm Project. Ausform's scope consisted of 64 No. Wind Turbine Foundations and a Greenfields Sub Station valued at approx. \$9.5M
- ***Ranger Mine Brine Concentrator Project – Downer EDI/Hatch/Rio Tinto***
Located at Jabiru, NT, the Project involved the construction of a new Brine Concentrator Plant, at the existing Ranger Uranium Mine (operated by ERA/Rio Tinto). In cooperation with others, Clints' Management and Supervision of his construction crew contributed greatly to the achievement of the successful delivery of the \$3.7M Project.
- ***Victorian Desalination Plant – Victorian Government/Thiess Degremont Joint Venture***
The leadership skills and dedication shown by Clint throughout this Project enabled Ausform to successfully deliver our Sub-Contract works (approximately \$18M) for structural concrete on the \$5 billion Project located at Wonthaggi in Victoria's South East.
- ***Robinvale Pump Station and Koorlong Waste Water Treatment Plant - Lower Murray Water/Fulton Hogan***
Clint was part of the Construction Supervision and Management team on Ausform's \$7M Sub Contract on the Robinvale Pump Station and Koorlong Waste Water Treatment Plant Projects. Key works included an in ground RC Sub Station at Robinvale and a 120m long x 60m wide x 6m high SBR Tank at Koorlong.

OH&S Record

Clint is a very skilled and knowledgeable member of the Ausform Team, and the emphasis on safety across his Projects is important. His proven safety track record is an indication of how well he manages his Projects and how important safety is in relation to the overall performance of his work

Industrial Relations Record

Clint's Projects have never been interrupted by internal industrial relations, and this fact is a credit to the way he manages the team working around him. Clint has developed and maintains an excellent rapport with each of his team members, and works continuously to ensure a harmonious and positive working environment.

Quality of Works Performed

Clint's vast experience within the construction industry has allowed for the development of his capabilities to a standard integral to all elements of his work. The level of quality achieved by Clint across each of the Projects undertaken by him is to an excellent standard. The written references attached with this resume echo his dedication to his Projects.

Ability to Meet Key Dates and Pre-Determined Timeframes

The level of commitment from Clint to each Project, within his capacity of Senior Supervisor, has seen the consistent achievement of key milestone dates and timeframes reached.

Clint's commitment to the Projects that he runs, the quality of his work crews, and his ability to get the best from his, has enabled him to develop an excellent reputation for Ausform and himself alike.
